

The Highland Hospital campus is the county's designated level II emergency/trauma center and also offers comprehensive inpatient Medical-Surgical Care, including Cardiology, Oncology, Infectious Diseases, and HIV/AIDS. Highland serves as a Teaching/Training Facility with five accredited training programs in Emergency Medicine, Internal Medicine, General Surgery, Oral and Maxillofacial Surgery.

OUR RESIDENCY PROGRAM

- Total of 3 PGY1 positions, includes one position for academia track.
- Highly competitive compensation package including medical, dental, vision insurances as well as paid time off accrual.
- APPE student preceptorship opportunities during learning experiences.

MISSION STATEMENT

*Caring, Healing, Teaching,
Serving All*

PURPOSE

Graduates of the AHS PGY1 Pharmacy Program will be ideal candidates for a clinical pharmacist specialist position in either inpatient acute care or ambulatory care, success in a PGY2 residency, and an adjunct faculty position.

EDUCATIONAL OUTCOMES

1. Improve and manage medication-use processes within a multi-campus healthcare system.
2. Actively apply evidence-based methods to the improvement of drug therapy
3. Gain knowledge and experience with managing an underserved patient population
4. Utilize effective healthcare communication tools in a patient population with low health literacy

Program Experiences

The pharmacy residency program offers a wide variety of patient care activities with the goal of providing experiential learning in acute care medicine and ambulatory care pharmacy practice. Typical learning experiences are 4-6 weeks in length or longitudinal. They include:

- Critical Care Medicine
- Infectious Disease
- Internal Medicine
- Hematology/Oncology
- Medication Safety/Regulatory Compliance
- Pharmacy Administration
- Ambulatory Care Practice (Anticoagulation, Diabetes, Hypertension, Refill Clinic, Fall Prevention, and Heart Failure)
- Psychiatry
- Palliative Care
- ED/Trauma
- HIV/Hep C
- Teaching certificate and Research Seminar at TOURO University
