

PGY1 PHARMACY RESIDENCY: ACADEMIC TRACK

THE HOSPITAL

Founded in 1876, Santa Clara Valley Health & Hospital System (SCVH&HS) is a nationally recognized public health care facility that provides a full range of **acute care, intensive care (Level I Trauma Center), rehabilitation, and ambulatory services**. Located in San Jose, California, the hospital serves as a **county, teaching, and safety-net hospital**. The hospital's mission is "**Better Health for All,**" providing high quality, cost-effective medical care to all residents of Santa Clara County, regardless of their ability to pay.

THE PHARMACY DEPARTMENT

The pharmacy department offers a wide array of comprehensive services in both the inpatient and ambulatory setting:

- The inpatient pharmacy opens 24/7 to serve 731 beds and has clinical pharmacists in areas such as **infectious disease, critical care, emergency medicine, and pediatrics**.
- There is a vast network of **11 outpatient pharmacies** located throughout Santa Clara County.
- Ambulatory care pharmacists specialize in managing various diseases, including **anticoagulation, diabetes, and heart failure**.
- All services utilize **HealthLink, a version of EPIC** (computerized physician order entry and electronic medical records).

THE RESIDENCY PROGRAM

The pharmacy residency program was founded in 2004 and received **full accreditation by ASHP** in 2005.

- Resident activities include rotating through clinical services, precepting APPE students (Touro, UOP, and UCSF), attending conferences, completing residency projects and committee work, delivering a continuing education program, and staffing.
- For 2018-19, SCVMC welcomed **10 PGY1 pharmacy residents**, one of which is the academic track resident in collaboration with Touro University.
- **Academic track** residents earn a teaching certificate through Touro University by participating in activities such as leading class discussions/workshops and evaluating oral exams.
