Washington Hospital Healthcare System in collaboration with Touro University School of Pharmacy offers an ASHP accredited one-year postgraduate Pharmacy Practice Residency designed to develop leadership skills and allow the resident to train and practice in various areas of clinical practice, research, and teaching.

The program's overall goal is to prepare the resident to provide optimal and compassionate patient care, optimize drug therapy outcomes through incorporation of evidence based medicine and research, and demonstrate commitment to the pharmacy profession. The goals, objectives, and evaluation process will be consistent with those established by ASHP for pharmacy practice residency.

Curriculum

As a pharmacy practice resident you will:

- Develop expertise, knowledge and skills in a broad range of therapeutic disease state management.
- Contribute to a multidisciplinary health-care team offering patient-specific therapeutic interventions to optimize drug therapy outcomes.
