August 28, 2018

Well future pharmacists, you made it through your first block exams.

For some of you it was a new and unnerving experience.

Each of you had your own experience and I would love to hear about it.

Was it what you thought it would be?

Did you surprise yourself on how you did?

What can you do differently and what will you do?

Well let's talk about it, send me an email or drop on by, I want to hear what you have to share. [Rolly.Kalirai@tu.edu](mailto:Rolly.Kalirai@tu.edu)

What you feel matters to me and the school, and it will help formulate more positive experiences for the exams to come.

In the days ahead you will have a time to meet with faculty to discuss your feelings at a student town hall meeting please keep posted on the dates and locations. Before the town hall meeting you may be contacted by Donna or I from Student Services.

We will be reaching out to some of you specifically regarding your performance on the exams and how we can assist you and connect you to resources available on campus to ensure your success. Your participation is key for your success. If you would like to meet with us and do not get a special email to do so, please see us anyway. We are here to serve you. Please remember that we are on this journey together.
