PHARMACY STUDENT SERVICES

July 3, 2019

Dear Students,

Welcome to our Pharmily, your department of Pharmacy Student Services is pleased to support your personal and academic success with services and programs that augment the teaching mission of the College in promoting your growth into a professional pharmacist. To those of you returning to us from a wonderful summer, welcome back. We are here to nurture and help develop your professionalization by working with student groups and individuals in facilitating their service activities, to help when you have personal challenges that interfere with academic success, to recognize outstanding student achievement, and to guide you to the other services provided by the University Office of Student Affairs (Student Health, Registrar, Counseling, etc.), led by Dean of Student Affairs, Steven P. Jacobson, Ed.D. I hope that you can find the answer to any question you might have about Pharmacy Student Services in these pages, and if not, just give my office a call or send me an email.
